Business Name: Digital Wish

Position Title: Grant Writer

Opening(s) Available: 1

Hours per week: 25-40

Pay: \$10/hour

Mission Statement: Digital Wish is a non-profit public charity with a mission to modernize American classrooms and prepare students for tomorrow's workforce.

Digital Wish has been described as "...a facebook for teachers." Teachers write and share lesson plans and make their technology wishes public on www.digitalwish.org. Online donation features allow anyone to make a tax-deductible donation to a school for classroom technology, or purchase items directly from a teacher's wish list (similar to a gift registry). Behind the scenes, Digital Wish strives to make teachers' technology wishes come true. We also run a constant stream of contests and give grants to classrooms across America.

Project Name: (if Applicable) Grant Writing

Brief Description: (Please Write Specifics of Job Duties)

Digital Wish is seeking a Grant Writing Intern to compose 2-3 grant applications per week. Examples of previous successful applications will be supplied as templates. The successful candidate will have excellent writing skills with a strong attention to detail. Grant writing experience is helpful but not required, and an interest in education and technology is definitely preferred. The grant writer may also conduct research and target new opportunities over the internet.

Qualifications:

Good computer skills, and an easy writing style are required. A 4-year college degree (or pursuit of) is required. Interest and experience in education and teaching is a definite plus.
