Peer to Peer Collaborative

A Program of the Vermont Sustainable Jobs Fund

Why go it alone?

P2P matches accomplished Peer Advisors (CEOs, COOs, and CFOs) in teams of three with CEOs of growing companies over a 12 to 18 month period. Peer advisors encourage entrepreneurial learning by sharing experiences, triumphs and failures, and offering our clients an outside perspective on growth challenges.

"What I found most helpful about the program were the experienced, wise, and successful advisors. They encouraged me to consider paths I might not have identified on my own or considered as strongly. It was refreshing to step outside of the day-to-day push of the company."

Chris Bailey, CEO of VERMONT SMOKE AND CURE
